Transfer from Solaz to [San Jose del Cabo and explore the Art Walk](#), the area's 18th-century Spanish colonial architecture and laid-back local scene.

5.45pm

San Jose del Cabo Art Walk is a popular weekly event held every Thursday evening from 5-9pm between the months of November and June. This event was established, promoted and organised by the Gallery District Association in the hopes of drawing art lovers and tourists away from the Main Square and into our colour-filled back streets located behind the church. With its popularity growing over the years, the local government decided to close the main street of Obregon to car traffic in order to accommodate all of the visitors to our District every Thursday evening. Enjoy an evening stroll through the Gallery District, visiting the Art Galleries, sipping wine and dining in our neighbourhood restaurants. Often galleries will have special events such as "artist in attendance" or openings of new exhibitions. With the ever-growing popularity of the Art Walk, downtown San José as a whole is bustling on Thursday evenings but the heart, soul and sophistication of this weekly event lies within the borders of the Gallery District inside the galleries, located behind the church and Main Square.
