

HUNTINGTON BEACH

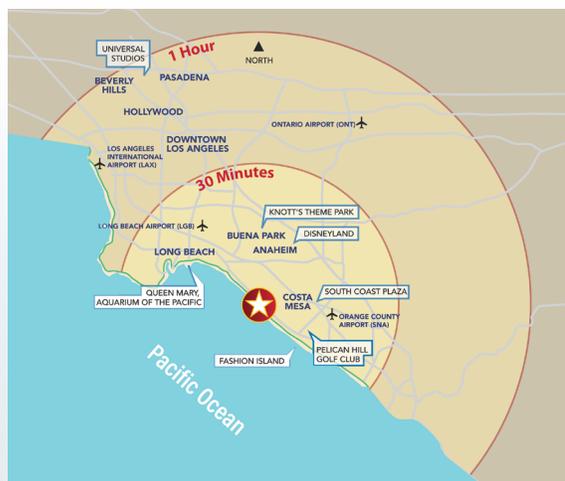

SURFCITYUSA.COM

Authentic Southern California

Pioneers of wonder. Inspired dreamers of now. The vibe they wrote songs about. We are the original Surf City USA®, and we believe in living in this moment.

Huntington Beach is Surf City USA®. Where the quintessential mild and mellow Southern California beach lifestyle began and still preserves; where pretentiousness takes a back seat to casual and cool. Huntington Beach is a welcoming town where visitors can feel at home on the sand. With the most consistent waves on the West Coast and surfing as a way of life, this is the only place that can truly be called Surf City USA®.

Worlds away, but close to everything. Get away from it all on 16 kilometers of pristine coastline, drive the iconic Pacific Coast Highway, then visit Disneyland, Knott's Berry Farm, Universal Studios, Hollywood attractions, and other famous Southern California locales just a short drive from your hotel.

For the ultimate in luxury and relaxation, try Huntington Beach's upscale beach resorts. Discover ocean views, exquisite dining, and live entertainment at the **Hyatt Regency Resort and Spa**, or **The Waterfront Beach Resort**, a **Hilton Hotel**, the boutique **Kimpton Shorebreak Hotel**, and our newest luxury property, **Paséa Hotel & Spa**. These four-star beachfront properties, along with many other hotel options, suit every traveler's dream and welcome everyone from families and couples to business travelers and tour groups.

Take it easy on the beach, romance in the embrace of Southern California's unique culture, let loose with Downtown nightlife, indulge in one of our relaxing spas, or kick back with the family in an abundance of parks and preserves.

ABOUT Huntington Beach

SHOP & DINE

From a vibrant downtown boasting surf shops and unique boutiques, to **Pacific City**, an oceanfront retail and dining destination, you will find it all in Surf City USA. The dining scene can only be described as eclectic, with hole-in-the-wall taco shops and cafes that never change, because nobody wants them to, and coastal restaurants and a brand new artisanal dining hall using fresh local ingredients in creative, unique ways.

CLIMATE

Generally sunny, dry, and cool, Huntington Beach offers an ideal climate for travelers. In the summer, temperatures rarely exceed 85°F (29°C). In the winter, temperatures rarely fall below 50°F (10°C), even on clear nights. Ocean water temperatures average 59°F (15°C) to 68°F (20°C).

SURF

Huntington Beach is known as Surf City USA® because of the extraordinary surfing and laidback beach culture. World class waves have long attracted surfers who set the tone for this fun loving beachtown back in the days of wooden boards, surf music and classic “Woodie” cars. Every summer, Huntington Beach hosts the US Open of Surfing along with countless other surf contests and events. Visitors can explore surf history downtown at the International Surfing Museum or stop by the Surfing Walk of Fame and Surfer’s Hall of Fame.

ACTIVITIES

Outdoor activities reign supreme in Huntington Beach year round. Kayak Huntington Harbour, experience stand-up paddle boarding, cozy up next to a beach bonfire, check out the official Vans skate park, or rent your own electric Duffy Boat. Go bird watching or hiking in the Bolsa Chica Wetlands. Walk, bike, or jog on the beautiful ocean strand, a 16 kilometer paved walkway running the length of HB’s shoreline. Huntington Beach is home to a number of signature events, such as the AVP Huntington Beach Open, the Breitling Huntington Beach Airshow, and Surf City Surf Dog. To fully experience Huntington Beach, you simply have to get your toes in the sand, one way or another.
