365 DAYS OF AWESOME

Awesome is always in season in Mammoth Lakes. Every month offers new opportunities to fall in love with the region all over again. In winter, you can ski, snowboard, snowmobile, snowshoe, ice skate or take off into the wilderness on your cross country skis. When spring hits, the ice thaws so you can ski and celebrate the fishing opener in the same day. The summer melts away the snow, opening the roads to Devils Postpile National Monument, the 101-foot Rainbow Falls and the east gateway of Yosemite National Park. Autumn brings spectacular fall colors that are best viewed from a hiking trail or bike path. Which season will you choose?

Look for me throughout the guide for tips on how to enjoy the great outdoors responsibly.

IT'S NEVER BEEN EASIER TO DISCOVER THE BREATHTAKING BEAUTY OF THE EASTERN SIERRA.

by Betsy Temple-Truax

Home to nearly two million acres of national forest offering every recreational activity you can think of and then some, Mammoth Lakes has everything you need to easily access this amazing playground. Come explore! Spectacular spaces and landscapes will inspire you to join in caring for this pristine alpine environment. Here are some tips for a terrific, stress-free visit from the instant you arrive. A few simple guidelines will also empower you to enjoy and protect this incredible setting.

Stewardship

Being good stewards of public lands is paramount. While you're here, please keep a few things in mind. No one wants to see litter or pet waste out on the trail or by a beautiful lake. If you pack it in, pack it out. Go a step further and bring along a small bag to pick up trash others have left behind. Never approach or feed wildlife—enjoy observing them from a respectful distance in their natural habitat, but keep them wild! Secure all food in bear boxes or bear-proof containers, never in your vehicle. Latch dumpsters. Stay on designated trails (do not cut switchbacks) and be aware of fire and camping restrictions. Above all, be considerate of others.

Transportation

Mammoth Lakes provides a convenient, complimentary transportation system throughout the town, so sit back and enjoy the scenery! Using the Eastern Sierra Transit Authority (ESTA) shuttle system reduces greenhouse gas emissions while eliminating the hassles of parking and driving during inclement weather conditions. Altitude can also exacerbate the effects of alcohol, so be safe and take the shuttle if you plan to imbibe. See pages 146-154 for schedules and maps.

Download the **free transit app** to your Apple or Android device to easily track ESTA transit times.

Guides/Lessons/Rentals

Professional, local guide services (pages 27, 42, 49, 55, 68, 77 and 82-83) can help you see the sights while treading lightly on the land. Experienced instructors provide a welcoming, supportive environment for learning new skills or reaching the next level in a wide range of activities. Mammoth Lakes is a great place to try out something new, such as mountain biking, climbing, fishing, snowboarding, alpine and cross country skiing and more. Beginner packages typically include equipment, instruction and lift access to gentle terrain. Transform from a novice to a passionate enthusiast in no time! Plus, with plenty of convenient rental services offering the latest equipment (pages 40, 55 and 64-66), you won't even need to haul a lot of gear with you.

Travel Tools

Browse the official, comprehensive Mammoth Lakes visitor information website (www.VisitMammoth.com) for all things Mammoth Lakes, including flight schedules, lodging packages, dining reservations and must-do activities; and connect with VisitMammoth on social media for a truly interactive experience. Channels feature stunning videos and pictures, reports on current conditions, the latest on events and plenty of other fun stuff.

The Mammoth Lakes Welcome Center (a designated California Welcome Center operated by

the U.S. Forest Service, National Park Service, Mammoth Lakes Tourism and Eastern Sierra Interpretive Association) offers interpretive tours, wilderness permits, maps, advice and a terrific gift shop. Be sure to make this invaluable resource your first stop when you arrive.

Visit the Mammoth Lakes Trail System website (www.MammothTrails.org) for all kinds of information about featured activities and detailed descriptions of hundreds of miles of trails. Scan QR codes on trailhead signs around Mammoth Lakes for information about where you are, directions and nearby amenities.

Happy adventuring!

Your Guide to Great Tours in and around **MAMMOTH LAKES**

by Betsy Temple-Truax

Whether you're looking for a laid-back brewery tour, an interpretive sightseeing experience, a dazzling helicopter flight or an introduction to an outdoor activity suitable for the entire family, Mammoth Lakes tour guides will get you out there, regardless of your experience level. Reserve your tours in advance and notify the operator of any special needs or restrictions. Be aware, weather conditions may impact your tour.

Land Tours

MAWS Transportation (page 27) offers three guided sightseeing tours departing from Mammoth Lakes. Choose from the Yosemite National Park tour (10 hours), June Lake, Mono Lake and Bodie State Historic Park tour (7 hours) or Mammoth Lakes tour (4 hours). Times are door to door. Additional options may be available.

Explore the Mammoth Lakes Basin on horseback with the **Mammoth Lakes Pack Outfit** (page 49). Wrangler-led group trail rides run on a fixed schedule, while a popular walk-and-lead option is offered for young children to ride while a parent leads their horse. All-inclusive overnight pack trips are also available. Experienced riders may join a working trail drive to relocate the horses at the beginning and end of each season.

Snow Tours

Mammoth Snowmobile Adventures (page 82) offers guided snowmobile tours over thousands of acres of trails, forests and meadows. Riders of all abilities will love exploring these incredible landscapes.

Take a ride in a snowcat for one of the most unique excursions in the Eastern Sierra with **Minaret Vista Snowcat Tours** (page 82). Experience the sights and sounds of the backcountry in the heated comfort of a luxury snowcat. Each snowcat holds up to 12 people.

Water Tours

Take a guided, natural history kayak tour of Mono Lake with **Caldera Kayaks** (page 55) and learn about the rich ecology of one of the oldest lakes in North America. Morning half-day tours are available, with longer tours offered for intermediate and advanced paddlers. A two-day combination lesson/tour package is also available with instruction on Crowley Lake the first day, followed by a Mono Lake tour on the second day.

Year-round Tours

The Mammoth Lakes Welcome Center, a designated California Welcome Center (pages 36, 43, 45, 49, 80, 82, 83 and 91) offers free interpretive programs throughout the year, including on-snow programs in the winter, campfire and hiking programs in summer and special activities for children.

Immerse yourself in the local craft beer scene with **Eastern Sierra Brewery Tours** (page 97). These all-inclusive tours (4 hours) transport you to three local breweries, offering a thorough overview of the brewing process. Two tours daily (except Tuesdays), groups of 8+ welcome. Tastings and lunch/appetizers are included.

Take to the air with **Skytime Helicopter Tours** (page 30) and see Mammoth Lakes from a unique vantage point. Several options for scenic tours and charter flights are available.

MAMMOTH LAKES' HISTORY

By Jason Abplanalp

BUILT FROM A COLORFUL HISTORY, MAMMOTH LAKES
IS NOW A YEAR-ROUND DESTINATION FOR ADVENTURERS AND
SIGHTSEERS FROM ACROSS THE GLOBE.

FROM THE BIRTH OF THE SIERRA NEVADA MOUNTAINS TO
THE TOWN'S ORIGINAL DAYS OF ROUGH-AND-TUMBLE MINERS
AND EARLY 20TH CENTURY MOTORISTS SEEKING ADVENTURE,
THE STORY OF MAMMOTH LAKES HAS IT ALL.

THE FORMATION OF MAMMOTH LAKES

Located in the heart of the legendary Sierra Nevada Mountains, Mammoth Lakes is a gateway to some of the most majestic and awe-inspiring arrays of land-forms in North America. From the stately basalt pillars of the Devils Postpile National Monument to the bubbling hydrothermal springs of Hot Creek Gorge and dizzying heights of the Mammoth Mountain Ski Area, visitors are deeply immersed into an exciting record of Earth's most awesome processes.

Mammoth Lakes sits on the edge of the impressive Long Valley Caldera, a 20-mile wide extinct supervolcano that erupted around 750,000 years ago. This eruption released 500 times more volcanic material than Mount St. Helens did in 1980, and volcanic ash traveled as far as Nebraska and Kansas! Present day Crowley Lake, located eight miles south of Mammoth Lakes, sits roughly in the southeastern limit of the ancient crater.

Around 100,000 years ago, a series of volcanic eruptions thrust the peak of Mammoth Mountain into the sky. Much later, degassing explosions and smaller eruptions formed the Inyo and Mono craters, leaving a sea of light pumice. The nearby Obsidian Dome, literally a huge mountain of volcanic glass, formed around 800 years ago and provided a source of cutlery and projectile points for native tribes.

On the outskirts of town, the legendary basalt columns of Devils Postpile National Monument rise from the headwaters of the San Joaquin River. This peculiar body of rock formed just under 100,000 years ago, when lava rich in iron and magnesium poured forth from a fissure in the Earth's crust. The picturesque black basalt of Devils Postpile National Monument has endured glacial ice, moving water and earthquakes. The base of the outcrop is littered with massive columns that have succumbed to

the powers of nature and gravity. From around 200,000 years ago to 14,000 years ago, expansive alpine glacial sheets flanked the sides of the Sierra Nevada Mountains. These glaciers deeply carved into the rocky mountainsides as they advanced and retreated, shaping the configuration of the landscape. Upon retreat, over a dozen serene mountain lakes

remained in the Mammoth Lakes Basin. At one time, glaciers even extended into the heart of town! Geology is also responsible for bringing the first settlers into the area. Miners discovered gold and silver in the volcanic rocks above present day Mammoth Lakes and the course of the region's history was changed forever.

MAMMOTH MINING: LAYING THE FOUNDATION FOR THE FUTURE OF MAMMOTH LAKES

As with many western mountain towns, the first Europeans to settle in the vicinity of Mammoth Lakes were drawn by wealth locked deep within the mountains. In 1877, four prospectors, whose search for precious metals brought them from the depleted gold fields of California's western slope, stumbled upon gold- and silver-bearing quartz veins just west of the present-day town. Within less than a year, General G. Dodge of San Francisco purchased a majority of the mining claims and consolidated them under the Mammoth Mining Company. This clever name was used in reference of purported vast mineral

wealth, which brought investors and businessmen to the district, and had no relation to prehistoric remains of extinct mastodons.

Word of the discovery reached far and wide, and within a year, over 1,000 miners flocked to the region in the hopes of striking it rich. Defying the ferocious mountain elements and climate, the industrious early residents quickly established a main street, post office, motel and several saloons at the base of Red Mountain. Today, a masonry marker and a few stone foundations line the top of Old Mammoth Road and are all that remain of the original, albeit short-lived, town.

Mill at Dodge Mining Company ca. 1930

Waterwheel at Shelton Mine ca. 1930

General Dodge's Mammoth Mining Company lasted only two years, when excessive spending combined with the harsh elements and an overall weak mineral deposit forced the company into Sheriff's sale in 1880. Many of the miners migrated to the nearby gold town of Bodie to the north, which had over 10,000 residents and a Wild West reputation throughout the late 19th century. The mine's massive mill, a water-powered engineering marvel, was scavenged for parts and eventually burned many years later. Today, the mill's impressive 20-foot diameter cast iron flywheel leans idly against its masonry base on the bluff above town.

Small-scale mining continued sporadically until the Great Depression, when a small mine camp, complete with a diesel-powered mill, was built by the Mammoth Consolidated

Mining Company. The operation was abandoned and today the easily accessible ruins are preserved in a state of arrested decay on U.S. Forest Service land near the Coldwater Creek Campground.

Overall, mining around Mammoth Lakes was short-lived and relatively unprofitable, although it did set the stage for development in the meadows below Red Mountain. Word spread of the area's unbelievable natural beauty and by the end of the first quarter of the 20th century, tourism became the region's number-one industry.

Knight Wheel

ADVENTUROUS MOTORISTS OF THE EARLY 20TH CENTURY: THE BIRTH OF MAMMOTH LAKES TOURISM

By the end of the 1910s, the mining boom had played out and a new, long-lasting industry emerged. Tourists, arriving by automobiles and charged with a sense of adventure and freedom, began discovering the solitude, beauty and recreational opportunities of the Sierra Nevada Mountains. These early visitors would make the grueling two-day drive from Los Angeles to reach the pine forests and grassy meadows around Mammoth Lakes. It may have been gold that put the town on the map, but it was fishing, hunting, camping, hiking, boating

and mountaineering that made the region famous.

In the early 1920s, the small town of Mammoth Camp was established along the meadows of Mammoth Creek in order to provide services to the steadily increasing number of summer visitors. Fish and game sportsmen, thrill-seeking alpinists and wilderness campers comprised many of the early vacationers. An automobile garage, hotel, rustic rental cabins, bakery, general store and post office were constructed near the banks of the creek. The waterwheel that originally powered

Mammoth Mining Company's mill was moved from upper Old Mammoth to the lower meadows to generate electricity for the blossoming Wildasinn Hotel mountain resort. This waterwheel and one of the original log cabins of the early resort remain today, photogenically nestled in a grove of quaking aspen along Old Mammoth Road.

Shady Rest Campground, located directly behind the Mammoth Lakes Welcome Center, acquired its name from the early tourism days. Weary and worn travelers would commonly park in the forested flat land and set up camp in the shadows of the mighty pines. It was a most welcome break, especially after multiple days of traversing the rocky and primitive desert roads of the Mojave and Owens Valley in the automobiles of the era.

During the winter months, the population drastically dropped and limited mail service was provided by dogsled. In 1941, this all changed when visionary Eastern Sierra local Dave McCoy altered the course of

Mammoth Lakes' history. McCoy, who recently celebrated his 103rd birthday, saw an opportunity and after several years of both successes and failures, Mammoth Mountain Ski Area was born. Today, the resort is one of the top ski and snowboard destinations in the world and brings hundreds of thousands of visitors to Mammoth Lakes annually. For more details about the history of Mammoth Mountain Ski Area, see page 69 of this guide.

Mammoth Lakes welcomed the dreams of early prospectors, turn-of-the-century adventurers and avid skiers like Dave McCoy. No matter the dream, it can be fulfilled in Mammoth Lakes. What's your mountain town dream?

Jason Abplanalp is a former blogger for Mammoth Lakes Tourism and frequently wrote about the geology and mining history of the area.

For more insights about Mammoth Lakes' past and self-guided naturalist tours by Jason, check out his blog posts at www.VisitMammoth.com.

WHERE "NO WAY" IS
NEVER FAR AWAY

SIGHTSEEING IN MAMMOTH LAKES

DEVILS POSTPILE NATIONAL MONUMENT

The monument features thousands of hexagonal basalt columns formed about 100,000 years ago when a lava flow slowed and then cooled and cracked.

DEVILS POSTPILE NATIONAL MONUMENT

760-934-2289 • End of CA-203 West

www.NPS.gov/Depo

Season: mid-Jun – Oct (weather permitting)

• Access: 1 mile (1.6 km) round-trip hike

• Directions: See pages 152 and 154 for details and a map

Rainbow Falls

The 101-foot waterfall is part of the Devils Postpile National Monument. It is known for the colorful rainbow that its mist creates. The best time to experience the rainbows is midday, when the sun is highest.

Devils Postpile National Monument

Mandatory Scenic Shuttle

to Devils Postpile National
Monument, Rainbow Falls
and Reds Meadow:

Boards at Mammoth Adventure Center
760-924-3184 • 10001 Minaret Road

Season: Anticipated mid-June –
September 4 (weather permitting)

Personal vehicle travel allowed
outside of the shuttle season.

See schedule on
page 154.

Rainbow Falls

ELEVEN53 INTERPRETIVE CENTER

Take in the view from the Panorama Gondola as you ride to the top of Mammoth Mountain at 11,053 feet (3,368 m). At the summit, explore the Eleven53 Interpretive Center, with interactive displays of the area's geologic, hydrologic and volcanic history.

MAMMOTH MOUNTAIN

800-626-6684 • 10001 Minaret Road

www.MammothMountain.com

Season: mid-Nov through May (weather permitting)
mid-Jun to early Sep (weather permitting)

• Access: Gondola is accessible by elevator

When to Visit

Many sites are accessible during summer and fall, as they are “snowed-in” from late November to mid-June.

Notations have been made under each site for possible seasonal closures. Call Mammoth Lakes Tourism at 888-466-2666 prior to arrival to confirm sites are open. Enjoy!

RAINBOW FALLS

760-934-2289 • End of CA-203 West

www.NPS.gov/Depo

Season: mid-Jun – Oct (weather permitting)

- Access: 2.5 miles (4 km) or 5 miles (8 km) round-trip moderate hike from Ranger Station
- Directions: See pages 152 and 154 for details and a map

EARTHQUAKE FAULT

This sizeable fissure is not an earthquake fault caused by a single quake, as the name implies. Geologists now believe it is a system of fractures formed during a series of strong quakes when the Inyo Craters and Inyo Domes erupted centuries ago.

EARTHQUAKE FAULT

888-466-2666 • Minaret Road

www.VisitMammoth.com/Sightseeing

Season: Jun – Nov (weather permitting)

- Access: 0.4 miles (0.64 km) self-guided tour on uneven dirt trail
- Directions: Located on Minaret Road (CA-203), between Main Street and Mammoth Mountain's Main Lodge

Hot Creek Geological Site

HOT CREEK GEOLOGICAL SITE

Take the self-guided interpretive tour to see Hot Creek's live hot springs and fumaroles (gas vents). Swimming not allowed due to scalding hot water.

HOT CREEK GEOLOGICAL SITE

888-466-2666 • Hot Creek Hatchery Road

www.VisitMammoth.com/Adventure/hot-creek-geological-site

Season: May – Nov (weather permitting)

- Access: 0.4 miles (0.64 km) round-trip walk on a steep, paved/dirt path
- Directions: Take US 395 south, turn left towards Mammoth Yosemite Airport, take 2nd right and follow the signs three miles (4.8 km) on unpaved, maintained road. Parking lot will be on your left.

SIGHTSEEING IN MAMMOTH LAKES

McLeod Lake, Mammoth Lakes Basin

INYO CRATERS

Six hundred years ago, a massive explosion heated rock and ground water, causing a large blast zone. Three craters were formed. Today, snow melt and rainwater create emerald green pools in the craters.

INYO CRATERS

888-466-2666 • Dry Creek Road Spur
www.VisitMammoth.com/Adventure/Inyo-Craters
Season: Jun – Oct (weather permitting)

- Access: 1.4 miles (2.3 km) round-trip uphill hiking trail
- Accessible in winter via cross country skiing, snowshoeing and snowmobiling. See pages 80, 82 and 83.
- Directions: From Main Street turn onto Minaret Road (CA-203) towards Mammoth Mountain's Main Lodge. Turn right onto Mammoth Scenic Loop and follow signs. Take 1.3 miles (2.1 km) unpaved road to trailhead.

MAMMOTH CONSOLIDATED GOLD MINE

In 1877, miners discovered silver and gold deposits on the northern slope of Red Mountain in Mammoth Lakes. Ruins of the Mammoth Consolidated Gold Mine, operated circa 1927-1933, include mining offices, assay office, a cabin, mill, bunkhouses, a schoolhouse, mining equipment and mine shafts. Follow an easy dirt trail for a self-guided tour or see the site by horseback with Mammoth Lakes Pack Outfit (page 49).

MAMMOTH CONSOLIDATED GOLD MINE

888-466-2666
Coldwater Creek Campground Road
www.VisitMammoth.com/Trip-Ideas/Sightseeing-Mammoth-Consolidated-Mine
Season: Jun – Oct (weather permitting)

- Access: 0.4 miles (0.6 km) round-trip self-guided dirt trail
- Directions: Main Street turns into Lake Mary Road, which winds throughout the Mammoth Lakes Basin. Turn left at the sign for Coldwater Campground/Lake Mary Marina. Turn left again for Coldwater Campground. Drive to the end of the campground loop where you will see signs for Mammoth Consolidated Gold Mine on your right. If you re-enter the campground, you have gone too far.

MAMMOTH LAKES BASIN

Glacier-carved lakes form the Mammoth Lakes Basin. Twin Lakes, Lake Mary, Lake Mamie, Lake George and Horseshoe Lake are nestled below jagged peaks and pine forests. Easily accessible by public transportation, the basin provides hiking, biking, fishing, boating, kayaking, stand-up paddleboarding, camping, picnicking and sightseeing.

MAMMOTH LAKES BASIN

888-466-2666 • Lake Mary Road
www.VisitMammoth.com/Sightseeing
 Season: Apr – Oct (weather permitting)

- Access: Driving tour
- Accessible in winter via cross country skiing and snowshoeing. See pages 80-81 and 83.
- Directions: Main Street turns into Lake Mary Road, which winds through the basin

Lake Mamie, Mammoth Lakes Basin

SIGHTSEEING IN MAMMOTH LAKES

Minaret Vista

MAMMOTH MUSEUM

Mammoth Museum, located in the Hayden Cabin along Mammoth Creek, exhibits mining implements, photos, art, intriguing memorabilia and glimpses into the lives of the people and industries that shaped Mammoth Lakes.

MAMMOTH MUSEUM AT THE HAYDEN CABIN

760-934-6918 • 5489 Sherwin Creek Road

www.MammothMuseum.org

Season: May 27 – Sep 30

- ADA Accessibility: Available for those who park on the lawn near the disabled placard and enter through the back door of the cabin on the ramp.
- Directions: From Main Street turn onto Old Mammoth Road. Once you pass Mammoth Creek Park on your right, take the next left onto Sherwin Creek Road (watch for “Museum” sign). Then veer left onto a dirt road.
- Gift shop offering books, CDs, notecards, t-shirts, locally made arts, crafts and gifts.

MINARET VISTA

The vista offers a breathtaking view of Mammoth Lakes’ signature skyline, the Minarets, which are part of the Ritter Range. The sharp, jutting spires of the Minarets are dramatic and unworldly. Also visible are Mount Ritter at 13,157 feet (4,010 m) and Banner Peak at 12,945 feet (3,945 m), the two tallest peaks in the range. The vista is also a popular spot for stargazing.

MINARET VISTA

888-466-2666 • Minaret Road

www.VisitMammoth.com/Adventure/Minaret-Vista

Season: Jun – Oct (weather permitting)

- Access: Driving tour
- Winter access via cross country skiing or snowshoeing. Snowcat tours to the vista are offered by Mammoth Mountain in winter. See pages 80, 82 and 83.
- Directions: From Main Street (CA-203) turn onto Minaret Road towards Mammoth Mountain’s Main Lodge. Pass the Main Lodge, the vista will be on the right.

Exploring MAMMOTH MOUNTAIN

SUMMER ITINERARY

Discover the history and wonder of the Sierra. Amid the backdrop of high alpine peaks and pristine lakes, a rich learning experience awaits adults and kids alike. Explore the geologic, natural and human history of Mammoth Lakes and find out why this is one of the most studied regions in the world.

Let's begin!

It starts with a Panorama Gondola ride to 11,053 feet and one of the most stunning 360° views in California. Buy your Panorama Gondola ticket at the Mammoth Mountain Adventure Center at 10001 Minaret Road. Summer hours of operation: 7:30 am to 4:00 pm (weather permitting). Then follow the learning stations on the mountain.

Learning Stations

SUMMIT: Eleven53 Interpretive Center

With a full-time docent, interactive exhibits for all ages, café and panoramic views of the Eastern Sierra, Eleven53 is the central hub of the Explore Mammoth Mountain experience (open in winter too).

GEOLOGY: Lakes Basin Overlook

Learn about the formation of the Sierra Nevada mountain range, the prodigious volcanic history of Mammoth Mountain, and the pioneers who settled the area and mined its treasures.

HISTORY: Mammoth Museum at McCoy Station

Journey back to the 1950s and discover how Dave McCoy's vision and innovations transformed Mammoth Mountain and the ski industry. Early grooming, avalanche and lift equipment on display.

WEATHER: Long Valley Overlook

Find out why Mammoth Mountain's high alpine weather patterns are a boon to skiers and scientists alike. Discover the critical role Mammoth Mountain's snow pack plays in the California water supply, and learn about ongoing scientific research and the sophisticated instruments stationed on the mountain.

ECOLOGY: Discovery Nature Trail

Learn about the hardy flora and fauna that call Mammoth Lakes home. Identify local critters, birds, and trees and discover how they've adapted to their high-altitude environment.

For more details about planning the "Explore Mammoth" itinerary, log onto www.MammothMountain.com.

Bodie State Historic Park

SIGHTSEEING NEAR MAMMOTH LAKES

ANCIENT BRISTLECONE PINE FOREST

1.5-HOUR DRIVE ONE-WAY

The Ancient Bristlecone Pine Forest is home to some of the oldest continuously living organisms on earth. The oldest tree, Methuselah, is over 4,700 years old.

Ancient Bristlecone Pine Forest

Bristlecones thrive in the arid environment of the White Mountains near Mammoth Lakes at elevations between 10,000 feet (3,048 m) and 11,000 feet (3,353 m).

ANCIENT BRISTLECONE PINE FOREST SCHULMAN GROVE VISITOR CENTER

760-873-2500 • White Mountain Road
www.FS.USDA.gov

Season: mid-May – Nov (weather permitting)

- Access: Self-guided dirt trails ranging from easy to moderately strenuous hikes
- Directions: Take US 395 south to Big Pine. Turn left onto CA-168 east and follow signs.
- Please note: Call ahead in spring and fall for current road closures, conditions and opening/closing dates for the visitor center.

BODIE STATE HISTORIC PARK

1.5-HOUR DRIVE ONE-WAY

The largest unrestored ghost town in the West, Bodie sprawls through a desolate valley north of Mono Lake. Bodie produced over 35 million dollars in gold and silver from 1877 to 1888, and the community swelled to nearly 10,000 residents. Once notorious as the wildest town in the West — with its saloons, bordellos, gambling houses and opium dens — the town is now preserved as a California State Historic Park, with beautifully weathered buildings, a museum and visitor center.

BODIE STATE HISTORIC PARK

760-616-5040 • US 395 North to CA-270 East
www.Parks.CA.gov/Bodie

Season: Year-round

- Hours: 9:00 am – 6:00 pm; Apr 1 – Oct 31
 9:00 am – 4:00 pm; Nov 1 – Mar 31
- Directions: Take US 395 north. Turn right at the Bodie sign onto CA-270 to state park.

MANZANAR NATIONAL HISTORIC SITE

1.5-HOUR DRIVE ONE-WAY

Manzanar is the high-desert site of one of the 10 internment camps where more than 110,000 Japanese Americans and resident Japanese aliens were detained during World War II. The Interpretive Center is open daily.

MANZANAR NATIONAL HISTORIC SITE

760-878-2194 • Manzanar Reward Road

www.NPS.gov/Manz

Season: Year-round

- Access: 3.2 mile (5.1 km) drive tour
- Directions: Take US 395 south 1.5 hours.

MONO LAKE

30-MINUTE DRIVE ONE-WAY

The salt waters (2.5 times saltier than the ocean) of Mono Lake sustain a unique biosphere where tiny brine shrimp and alkali flies provide food for millions of migratory and nesting birds.

The photography focal point is the odd-shaped tufa towers, which have grown to heights of over 30 feet (9.1 m). These

tufa towers were formed by fresh water springs percolating up from the bottom of the lake and interacting with the lake's salt water.

MONO BASIN SCENIC AREA VISITOR CENTER

760-647-3044 • 1 Visitor Center Drive

www.MonoLake.org/Visit/VC

Season: Apr – Nov (weather permitting)

- Access: Several access points to self-guided walking tours to the lake on fairly flat dirt trails and boardwalks
- Trails accessible in winter via cross country skiing and snowshoeing. See pages 80 and 83.
- Directions: Take US 395 north for 30 minutes. There will be several access points to the lake. Follow the signs for tufa towers and bird viewing.

MOUNT WHITNEY

2-HOUR DRIVE ONE-WAY

At 14,495 feet (4,418 m), this is the highest peak in the contiguous United States.

EASTERN SIERRA VISITOR CENTER

760-876-6200 • Junction US 395 and CA-136,

Lone Pine

www.FS.USDA.gov/Main/Inyo/Home

Season: Year-round

- Access: The best view of the summit is from Lone Pine
- Directions: Take US 395 south for 2 hours.

Mono Lake

YOSEMITE NATIONAL PARK

45-MINUTE DRIVE ONE-WAY TO THE
EAST ENTRANCE AT TIOGA PASS

A spectacular day trip, Yosemite National Park is just a 45-minute drive from Mammoth Lakes. Hike through famous Tuolumne Meadows and dip your toes in Tenaya Lake. Iconic Half Dome, El Capitan and Yosemite Valley waterfalls are a scenic 1.5-hour drive through the park from Tuolumne Meadows.

YOSEMITE NATIONAL PARK

209-372-0200 • Tioga Road

www.NPS.gov/Yose

Season: Access from Mammoth Lakes closed in winter to late spring due to snow

- **Directions:** Take US 395 north. Turn left on CA-120 (Tioga Pass).
- **Please note:** The Tioga Pass (CA-120) entrance to Yosemite National Park (access from Mammoth Lakes) is typically open from mid-June to early November, weather permitting. Please check road conditions prior to arrival by calling: 800-427-7623.

Multi-Use Paved Path Walks

Enjoy views galore while walking, running or biking on this in-town paved path. Access points are located throughout town in such areas as Mammoth Creek Park, Shady Rest Park and campgrounds, Trails End Park and Horseshoe Lake.

TOWN LOOP AND CONNECTORS

Whether you're looking for a casual stroll around town or heading out for dining, shopping or recreation, the Town Loop and connecting multi-use paths are a family-friendly way to access many of Mammoth Lakes' amenities, including the Mammoth Lakes Welcome Center, Mammoth Lakes Library, Edison Theatre, Volcom Brothers Skatepark and a number of in-town parks, by bike or on foot.

MAMMOTH LAKES BASIN

Explore the Lakes Basin using 5.3 miles (8.5 km) of paved multi-use paths that run from The Village at Mammoth to Horseshoe Lake. The path, which

follows a similar route as the Lakes Basin Trolley, connects to Lakes Basin favorites, including Lake Mamie, Twin Lakes Vista, Tamarack Lodge and more.

Lakes Basin Trolley Hikes

The Lakes Basin Trolley travels along Main Street as it turns into Lake Mary Road and winds through the Mammoth Lakes Basin. A map of the area and trolley schedules can be found on pages 149-154.

All trail distances are listed as round-trip.

PANORAMA DOME Trolley Stop 94

Trails: 0.6 miles (1 km) to 1.8 miles (2.9 km)

Rating: Easy to moderate

Getting there: From the Lower Twin Lakes Trolley stop, cross the street to catch the Lake Basin Path. Turn right toward the Tamarack Lodge. In 400 feet (121.9 m), the trailhead will be on your left.

What you can see: A gradual yet steady climb on the trails surrounding Panorama Dome will lead you through a forest of pines before emerging into an elevated field. There, the trail lives up to its name, offering panoramic views of the Lakes Basin. Combine some of the shorter trails to explore more of the area on a longer hike. Hikers are allowed on the mountain bike trails.

TWIN LAKES Trolley Stop 96

Trails: 2.9 miles (4.7 km) to 6 miles (9.7 km)

Rating: Strenuous to very strenuous

Getting there: From the Twin Lakes Marina Trolley stop, walk to the Twin Lakes Campground. After crossing a bridge, follow signs to campsite 31. The trailhead is behind the campsite.

What you can see: If a challenging hike with spectacular views is what you're looking for, the trails accessible from this trailhead are for you.

LAND ADVENTURES

A steep 0.8-mile (1.3 km) climb leads to a number of other trailhead options. Hike to Seven Lakes Point for a stunning view of six Mammoth Lakes Basin lakes, plus Crowley Lake. Then continue on to see the Bottomless Pit and Hole in the Wall lava tubes and the Mammoth Crest. Ambitious hikers can even reach the top of Mammoth Mountain along what is the shortest but steepest trail to the summit.

MAMMOTH ROCK & MILL CITY

Trolley Stop 97

Trails: 0.4 miles (0.6 km) to 5.2 miles (8.4 km)

Rating: Easy to strenuous

Getting there: From the Old Mammoth Road Trolley stop, walk 0.7 miles (1.1 km) on Old Mammoth Road to the Mammoth Rock Trailhead on the right. The Mill City Trailhead is a bit further up on the left.

What you can see: Beginning at the edge of the Lakes Basin area and winding into Sherwin Meadows, these trails wind past Mammoth Lakes' historic mining district, where you can see traces of the Gold-Rush-era life left behind. As you climb along the Sherwin Range, enjoy views of Snowcreek Meadow and the jutting limestone and marble peak of Mammoth Rock.

Laurel Canyon

COLDWATER CREEK

Trolley Stop 100

Trails: 2.2 miles (3.5 km) to 11 miles (17.7 km)

Rating: Moderate to very strenuous

Getting there: From the Lake Mary Marina Trolley stop, walk 0.6 miles (1 km) through the Coldwater Campground. In the parking area at the back of the campground, you'll find Emerald Lake Trailhead to your right and Duck Lake Pass Trailhead straight ahead and the Heart Lake Trailhead to the left.

What you can see: Explore the Ansel Adams Wilderness and John Muir Wilderness along a number of trails that begin at the trailheads found at Coldwater Campground. If you're up for a challenge, choose a strenuous hike that leads to scenic views of Barney Lake, Blue Crag and Arrowhead Lake. Cutoffs along the way loop through Gentian and Sky meadows and past Woods Lakes. Or, take a more moderate trail, where Depression-era ruins and a Mammoth Consolidated Gold Mine shaft are points of interest en route to Heart Lake.

LAKE GEORGE

Trolley Stop 101

Trails: 0.5 miles (0.8 km) to 14.4 miles (23.1 km)

Rating: Easy to strenuous

Getting there: From the Lake George Road Trolley stop, turn onto Lake George Road and walk 0.3 miles (0.5 km) to the end of the road. The Crystal Lake Trailhead will be immediately to your right. Continue along the road to the opposite side of the loop to find the Lake George Trailhead.

What you can see: A hike from the Lake George Campground offers plenty of opportunities to explore the many lakes in the Lakes Basin. Take a moderate hike to Crystal Lake, where you'll have options to continue along the Mammoth Crest for views of the towering, granite Crystal Crag. Connect to other trails that skirt the John Muir Wilderness and Ansel Adams Wilderness. Or, wander along the shores of TJ Lake, Barrett Lake and Lake George for an afternoon of lakeside alpine serenity.

HORSESHOE LAKE

Trolley Stop 104

Trails: 1 mile (1.6 km) to 8.2 miles (13.2 km)

Rating: Easy to moderate

Getting there: From the Horseshoe Lake Trolley stop, the trailhead splits, leading up the hill to McLeod Lake or around Horseshoe Lake.

What you can see: Two easy, family-friendly trails wind through lodgepole pine forest around Horseshoe and McLeod lakes with views of the back of Mammoth Mountain and the Mammoth Crest. Stop at one of the lakes to picnic, fish or swim. Or, continue on one of the longer, more strenuous trails to parts of the Ansel Adams Wilderness, Crater Valley and Reds Meadow Valley.

TJ Lake, Mammoth Lakes Basin

Reds Meadow Scenic Shuttle Hikes

For details about the Reds Meadow Scenic Shuttle and a map of Reds Meadow, see pages 152-154.

All trail distances are listed as round-trip.

REDS MEADOW

Scenic Shuttle Stop 1 Agnew Meadows Trailhead

Stop 2 Starkweather Lake Trailhead

Stop 5 Minaret Falls Trailhead

Stop 6 Devils Postpile Trailhead

Stop 7 Sotcher Lake Trailhead

Stop 9 Rainbow Falls & Mammoth Pass Trailheads

Trails: 0.6 miles (1 km) to 37.8 miles (60.8 km)

Rating: Easy to strenuous

Getting there: Take the scenic shuttle (tickets can be purchased at the Mammoth Adventure Center using any method of payment or on the bus with cash only) from either The Village at Mammoth on the Canyon Boulevard side or the Mammoth Adventure Center. The scenic shuttle stops at a number of trailheads throughout Reds Meadow.

What you can see: Reds Meadow is the perfect place for a full day of exploration. A variety of trails lead to the region's many iconic view points and breathtaking landscapes. From easy hikes to Rainbow Falls, the wildflower-covered Agnew Meadows and Devils Postpile National Monument to more strenuous trails that wind through the

John Muir and Ansel Adams Wilderness areas past stunning alpine lakes and connect to parts of the Pacific Crest Trail, Reds Meadow offers something for hikers of all levels.

Accessible by Bike Park Shuttle

For Bike Park Shuttle details and map, refer to pages 150-151.

All trail distances are listed as round-trip.

MAMMOTH MOUNTAIN

Trails: 2.4 miles (3.9 km) to 7.8 miles (12.6 km)

Rating: Easy to strenuous

Getting there: From the Main Lodge Trolley stop, take the trailhead behind Mammoth Mountain for sweeping views of Reds Meadow Valley, the Ansel Adams Wilderness, the Ritter Range, the Minarets, Balloon Dome, the Central Valley and more. At the summit, spend some time learning about the area's geology at the Eleven53 Interpretive Center. Choose a more moderate hike for an up-close look at the Minarets, with views of San Joaquin Ridge, the Junction Bluffs and the Ritter Range. Or, take the Panorama Gondola ride to the trailheads at the top of Mammoth Mountain and hike down back to the Main Lodge or to the Twin Lakes Campground.

What you can see: These trails provide access to the summit of Mammoth Mountain and the Minarets. Climb the western side of Mammoth Mountain for sweeping views of Reds Meadow Valley, the Ansel Adams Wilderness, the Ritter Range, the Minarets, Balloon Dome, the Central Valley and more. At the summit, spend some time learning about the area's geology at the Eleven53 Interpretive Center. Choose a more moderate hike for an up-close look at the Minarets, with views of San Joaquin Ridge, the Junction Bluffs and the Ritter Range. Or, take the Panorama Gondola ride to the trailheads at the top of Mammoth Mountain and hike down back to the Main Lodge or to the Twin Lakes Campground.

Additional Areas of Exploration

MAWS Transportation, Mammoth Cabs and Sierra Shuttle Service offer transportation to trailheads. Please refer to page 143 for details.

All trail distances are listed as round-trip.

SHERWIN CREEK

Trails: 6 miles (9.7 km) to 9.2 miles (14.8 km)

Rating: Moderate to strenuous

Getting there: From Old Mammoth Road, turn onto Sherwin Creek Road, which is a dirt road. Drive 2 miles (3.2 km), until you see a sign to turn toward the trailhead.

What you can see: In spring to early summer, hike past meadows of wildflowers and through groves of aspen and Jeffrey pine for a beautiful climb beneath the peaks of the Sherwin Range. Take in views of the town of Mammoth Lakes when you reach the Sherwin Lakes. For a more challenging hike, head toward Valentine Lake and the John Muir Wilderness. Along the way, you'll find sweeping views of Mammoth Creek and environs.

CONVICT CANYON

Trails: 3.5 miles (5.6 km) to 14.2 miles (22.8 km)

Rating: Easy to very strenuous

Getting there: Take US 395 south to Convict Lake Road. The trailhead sign will be on your right.

What you can see: Enjoy hiking an easy, scenic trail around Convict Lake. Or, venture further on a more strenuous trail along the base of Laurel Mountain's Sevehah Cliff. Pass Mildred Lake, before continuing upward to Lake Dorothy, Lake Genevieve and Edith Lake.

Convict Lake

McGEE CREEK

Trails: 11.6 miles (18.7 km) to 28.6 miles (46.0 km)

Rating: Moderate to very strenuous

Getting there: Take US 395 south to the McGee Creek Road turnoff. The paved road will turn into a dirt road. The trailhead is at the end of the road.

What you can see: Hike out to Steelhead Lake, which is surrounded by granite peaks. Continue through the valley, following signs for McGee Pass, past mountain hemlocks, until you reach Big McGee Lake. From the shore, you'll have the perfect vantage point to view the Red and White mountains. Alternatively, hike along the creek, which is especially beautiful in the fall. Ambitious hikers can continue on to the McGee Pass crest at 11,895 feet (3,626 m), and then descend into the Mammoth Lakes Basin past Purple and Duck lakes.

ROCK CREEK CANYON

Trails: 6.9 miles (11.1 km) to 13 miles (20.9 km)

Rating: Moderate

Getting there: Take US 395 south to Tom's Place/Rock Creek Road. At Rock Creek Lake, continue on Rock Creek Road to reach the Hilton Creek Lakes Trailhead. The Little Lakes Valley Trailhead is a bit further up the road. Please note that the road is narrow past Rock Creek Lake to Little Lakes Valley. Or, turn right onto Rock Creek Campground road to access the Tamarack Trailhead.

What you can see: The scenic trails in Rock Creek Canyon are popular among hikers and anglers. The trails are moderate for the most part, but take elevation into consideration — most of the trails are above 10,000 feet (3,048 m). Traverse Little Lakes Valley (also called Mosquito Flats), passing multiple lakes along the way to Morgan Pass. Or, hike through a forest of whitebark and lodgepole pines on the way to Hilton and Davis lakes.

TIOGA PASS outside Yosemite National Park

Trails: 3 miles (4.8 km) to 7.6 miles (12.2 km)

Rating: Moderate to strenuous

Getting there: Take US 395 north toward Lee Vining. Turn left onto CA-120 west (the CA-158 south turn off). Follow CA-158/Tioga Road (closed in winter). Drive 7.5 miles (12.1 km) to the Warren Fork Trailhead on the right. In another 2.3 miles (3.7 km), you'll come across Saddlebag Road on the right, which leads to Saddlebag Lake Trailhead. Or, travel another 1.3 miles (2.1 km) down Tioga Road, where you'll find Glacier Canyon Trailhead on the left, just before the entrance to Yosemite.

What you can see: From the Warren Fork Trailhead, you'll enter the Hoover Wilderness and walk along Warren Creek with Tioga and Lee Vining peaks rising up on either side of the trail. From Saddlebag Lake, you can explore the 20 Lakes Basin. Take the trail around the lake or use the water taxi to reach the far side of the lake to connect to other trails. A hike beginning at Glacier Canyon Trailhead offers views of the glacial Mount Dana and Dana Lake before crossing through a meadow to Tioga Canyon.

4WD / OFF-HIGHWAY TIPS

- Stay on trails and off closed roads. Comply with signs and barriers.
- Cross-country driving is illegal and will ruin the environment. Wilderness areas are off-limits to all vehicles and bicycles.
- ATVs and motorcycles must display a California Green or Red Sticker and be registered with the California DMV. They also must have a USFS and DMV-approved spark arrester.
- Catalytic converters can cause wildfires if you drive over dry brush. Be cautious where you pull over and pick a spot clear of weeds or dry wildflowers.
- Dirt road conditions change with each season. If the road quality is in question, walk first to check it out. Pick a good, wide spot to turn around when you are hesitant or unsure.
- Bring emergency gear: water, food, shovel, flashlight, compass, map and matches.
- Don't stop in soft sand. Even 4WD vehicles can get stuck.
- Never scare animals.

Tread lightly
by avoiding gouging.
Stay to the center
of trails and roads
so as not to
widen them.

WATER ADVENTURES

YOU HAVE TO SEE IT TO STILL
NOT TOTALLY BELIEVE IT

OH, THE PLACES THEY'LL NEVER BELIEVE YOU'VE BEEN

With a name like “Mammoth Lakes,” you can be sure that water adventures abound here! Clear, pristine lakes beckon – perfect for dipping your toes or catching a trophy trout. Create lasting memories as you pilot a pontoon boat, balance a stand-up paddleboard or hike to a sandy beach.

Want to bring your ski boat or jet ski?
Crowley Lake and Grant Lake both allow room for those who want to “speed things up.”

Lake Mary, Mammoth Lakes Basin

BOATING

Whether you're paddling a canoe, kayak or stand-up paddleboard – or motoring a pontoon boat or small fishing boat – getting out on the water offers a unique perspective and is an excellent way to observe waterfowl, fish and other wildlife.

The scenery is incomparable, with sweeping views of the surrounding mountains and distinctive geological features. Delight in the sight of Carson Peak from June Lake or Mammoth Mountain from Lake Mary. See how many of the 300 species of birds that frequent Mono Lake you can identify. Many visitors have even been thrilled to spot eagles and black bears during their boating adventures.

Rentals are available from local marinas, shops and delivery services.

TURN WINTER WOES INTO
WINTER "WHOAS"

SNOW ADVENTURES

TURN WINTER WOES INTO WINTER “WHOAS”

Winter in Mammoth Lakes naturally inspires thoughts of adventure, and it’s easily accessible from your doorstep. There are so many ways for everyone to enjoy this spectacular, snowy winter wonderland.

Skiing and Snowboarding

World-famous Mammoth Mountain Ski Area truly lives up to its “Mammoth” name, with 28 chairlifts and two gondolas accessing 3,500 acres of skiable terrain. Boasting a summit elevation of 11,053 feet (3,369 m), Mammoth is the highest resort in California. One hundred fifty distinct runs offer something for everyone, from easy learning terrain to

wide-open bowls and expert chutes. It’s not unusual here to share a chairlift ride with an Olympian or see a gold medalist soaring high above a massive terrain park. Mammoth Mountain is an official training mountain of the U.S. Olympic Team, annually hosting numerous events, featuring both professional and up-and-coming athletes.

Cross Country Skiing and Snowshoeing

Mammoth Lakes is surrounded by seemingly endless hectares of public lands, and a number of roads are transformed into trails for the winter so it's easy to get out and explore on foot. Don't miss the guided naturalist tours available both from the Mammoth Lakes Welcome Center and from Tamarack Cross Country Ski Center. They're a perfect way to learn about local wildlife, plants and history, and the guides are an excellent local resource.

One-of-a-Kind Experiences

A huge variety of activities are available here in the winter! Snowmobiling and snowcat tours are popular or try catch-and-release fly fishing in the warm waters of Hot Creek.

Family Fun

Kids love playing outside in Mammoth Lakes, whether they are building a snowman, gliding down a snowy slope or carving figure eights on a smooth sheet of ice. Snow tubing at Woolly's Tube Park and Snow Play offers all the fun and excitement of sledding with the convenience of a rope tow to pull you to the top of the hill.

Stormy Days and Wintery Evenings

If it's stormy out or the sun has set, Mammoth Lakes offers plenty of indoor activities to keep you entertained, from fine dining and one-of-a-kind shopping experiences to an upscale bowling alley that also offers golf simulators. Mammoth Lakes averages 300 days of sunshine annually, so significant snow accumulations are generally followed by clear days under cloudless blue skies.

5 TIPS For Enjoying Your Snowy Trip (Even More!)

- 1. Prior to arrival,** make reservations or book lift tickets, lessons, tours, activities, restaurants and rentals. If you are renting gear, inquire about picking it up the evening before you plan to use it.
- 2. Start your day right.** Treat yourself to a big breakfast (helps your body stay warm and will help in adjusting to altitude), apply plenty of sunscreen one hour prior to exposure (70 SPF is recommended) and triple check to confirm you have everything you will need throughout the day. Layering clothing is key to being prepared for changing weather.
- 3. Time and gear management.** The amount of gear needed for winter sports can overwhelm a person, not to mention a family. Give yourself an extra hour to get ready at home and plan on arriving early at your activity. Take advantage of drop-off/pick-up zones at your destination to unload your family and gear. Skiing or snowboarding? Inquire about overnight storage at rental shops or rent a locker for overnight storage at Main and Canyon Lodges.
- 4. Keep your energy up.** Colder weather, altitude and high-energy activities translate to being more hungry, thirsty and tired than usual. Stay ahead of the game by having snacks and water readily accessible, and plan to take breaks throughout the day (then add one more planned break).
- 5. Hop on the bus.** Driving in snow takes longer than usual and can be stressful. Use the free transit system for ultimate flexibility and hassle-free transport around town. Buses are equipped to handle skis and snowboards, and all bus lines will take you to an access point for Mammoth Mountain. See page 148 for transit schedule. For winter driving tips, see pages 62-63.

Winter Driving Tips

by Christie Osborne

WHEN CONDITIONS ARE SNOWY, STAY ON THE ROAD AND IN CONTROL WITH THE HELP OF THESE TIPS.

Before Your Trip

- **Do a car safety check.** Make sure that your car has ample antifreeze, the windshield is clean and you have plenty of windshield washer fluid. Check to make sure the headlights are clean and in working order. Verify that the tires have tread and are properly inflated.

Equip your car with a flashlight and extra batteries, a first aid kit, warm clothes, a blanket and extra water. Stash a pair of sunglasses in the car. The sun bouncing off the snow is much more intense in the winter than it is in the summer.

- **Carry chains.** Make sure you carry tire chains at all times in the mountains. Test your chains to ensure they fit properly on your tires and you know how to install them.

- **Fill 'er up!** Keep your gas tank full during snowy weather in case there are road delays.

Tire Chain Installers

are stationed on the highway as you enter town. Fee.
(No chain sales.)

Parking Restrictions

NO STREET PARKING

Parking on town roads is not allowed from November 1 to April 30 due to snow removal operations.

Overflow Parking

MAMMOTH MOUNTAIN RV PARK

800-582-4603
2667 Main Street
www.MammothRV.com

CHAIN CONTROL RESTRICTION CATEGORIES:

Requirement One (R-1):

Chains, traction devices or snow tires are required on the drive axle of all vehicles except four-wheel/all-wheel drive vehicles.

Requirement Two (R-2):

Chains or traction devices are required on all vehicles except four-wheel/all-wheel drive vehicles with snow-tread tires on all four wheels. (NOTE: Four-wheel/all-wheel drive vehicles must carry traction devices in chain control areas.)

Requirement Three (R-3):

Chains or traction devices are required on all vehicles, no exceptions.

Vehicles are required to carry tire chains or traction devices at all times.

Winter Driving Tips Countdown

5. Do not use cruise control. If your car skids while using cruise control, it will accelerate and rapidly spin the wheels, and you will likely lose control.

4. Avoid abrupt acceleration, braking and unnecessary lane changes. These maneuvers can cause your vehicle to lose traction and do not leave enough time for other drivers to react, which may cause an accident.

3. Slow down and do not tailgate. Driving too quickly is the main cause of accidents in winter conditions. It takes a much longer distance to stop your vehicle in snow and ice due to reduced traction. Remember, the bigger the vehicle, the longer it takes to stop, regardless if it is 4WD.

2. Be patient and allow extra time for travel. The speed limit is reduced to 25 mph in town and to 35 mph on the highway. Mentally prepare for this slower pace and give yourself 20 extra minutes to drive to your local destination, drop off passengers at the front door and park the car... without time crunch pressure. If you are traveling on the highway, double the amount of time you typically plan for travel.

1. Nervous about driving in the snow? Park the car and ride the bus... for free! Buses leave at 15- to 30-minute intervals from more than 95 bus stops throughout town. See pages 146-148 for schedules and maps.

MAMMOTH MOUNTAIN

MAMMOTH MOUNTAIN

“Mammoth” describes the size of this mountain resort and also the length of the snow season. With over 3,500 acres, 28 lifts, 150 trails and snow averaging 400 inches (1,016 cm) a season, lifts are usually transporting very happy visitors well into June.

MAMMOTH MOUNTAIN

800-626-6684 • 10001 Minaret Road
www.MammothMountain.com

Season: Nov – Jun (weather permitting)

Base Lodges

There are three base lodges on Mammoth Mountain: Main, Canyon and Eagle. The Village at Mammoth also has complete mountain amenities and accesses the mountain via The Village Gondola (free).

MAIN LODGE

10001 Minaret Road, 4 miles (6.4 km) from Main Street

Season: Early Nov – Jun (weather permitting)

Lockers, lift tickets, rentals, demos, repair services, lessons, ski and snowboard lessons, Mammoth Kids Ski and Snowboard School, lost and found, dining, slopeside retail stores

CANYON LODGE

1000 Canyon Boulevard, 1 mile (1.6 km) from Main Street in the Canyon neighborhood
Accessible by The Village Gondola

Season: Dec – Apr (weather permitting)

Lockers, lift tickets, rentals, demos, repair services, ski and snowboard lessons, Canyon Kids Ski and Snowboard School, lost and found, dining, slopeside retail stores

EAGLE LODGE

3256 Meridian Boulevard, in town
(Meridian runs parallel with Main Street)

Season: Dec – Apr (weather permitting)

Lift tickets, rentals, demos, Eagle Lodge Kids Ski and Snowboard School, ski and snowboard lessons, lost and found, dining, slopeside retail stores

THE VILLAGE AT MAMMOTH

6201 Minaret Road

www.VillageAtMammoth.com

Gondola Season: Dec 12 – Apr 15
(weather permitting)

The Village Gondola provides free access to Canyon Lodge. Optional Ski Back Trail leads back to The Village. Lodging, dining, shopping, rentals, demos, lift tickets and lessons purchase.

No long-term day parking available here; however, The Village at Mammoth is the transportation hub for the free bus system in Mammoth Lakes.

Transportation

There is free bus transportation to all Mammoth Mountain access points. See details on pages 146-148.

Terrain Parks

Rated the #1 park in North America by *Transworld Snowboarding*, Mammoth's Unbound Terrain Parks have been at the forefront of progression and fun for 20 years. With close to 150 features and three halfpipes, these parks have something for everyone.

In order from novice to advanced:

1. UNBOUND PLAYGROUNDS

Eagle, Canyon, Main lodges

Small boxes and jumps that get progressively larger as you make your way down the park.

2. FOREST TRAIL

Unbound Express Chair at Main Lodge

Medium-sized jumps and jibs make good use of the fun flow of this trail.

3. JIBS & MORE

Rollercoaster Chair near Canyon Lodge

Intermediate to advanced rails, boxes, snow features and wall rides.

5. SOUTH PARK

Rollercoaster Chair near Canyon Lodge

Advanced intermediate terrain with an 18-foot halfpipe, multiple jump lines and jib lines.

6. MAIN PARK

Unbound Express Chair at Main Lodge

Main Park has been the benchmark of pro-level terrain parks for close to 20 years. Massive jumps, technical rails and a 22-foot halfpipe for advanced skiers and riders only.

7. HEMLOCKS

Hike-to access on the back side of the mountain

Hand sculpted step-downs, kickers and hips are blended into the experts-only natural terrain that make the Hemlocks a freerider's paradise.

HISTORY OF MAMMOTH MOUNTAIN

In 1941, Dave McCoy began operating a rope tow at the base of Mammoth Mountain. It was a great location for snow, but a hard place for cars to access since the road wasn't plowed. McCoy solved this accessibility issue by buying several World War II surplus over-snow vehicles called Studebaker Weasels and driving people up the road, either inside the vehicles or towing them by rope.

By the late 1940s, the U.S. Forest Service was promoting development of ski resorts in California's Sierra Nevada Range. In 1952, they put Mammoth Mountain up for bid. After six months, they received exactly zero bids. Developers viewed Mammoth as being too risky — "Mammoth's elevation was too high, the mountain got too much snow and it was too far from a major population area." McCoy didn't have the money to make a bid. On the condition that he would develop a full-service ski resort, the Forest Service awarded the permit to Dave McCoy by default. He already had a thriving rope tow business and was hosting more skiers than any other California operation, including those with chairlifts. After building his first chairlift in 1955, McCoy went on to build one of the largest ski resorts in the country. He never imagined it would grow to be so large.

JUNE MOUNTAIN

Fresh powder on June Mountain

JUNE MOUNTAIN

Mammoth Mountain's sister resort is just 20 minutes north of Mammoth Lakes.

Mammoth Mountain lift tickets are interchangeable at June Mountain, so take advantage and visit both mountains in one day!

As an added bonus, kids 12 and under get a free lift ticket at June Mountain, no strings attached.

JUNE MOUNTAIN

888-586-3686 • 3819 CA-158

www.JuneMountain.com

Season: Dec 21 – Apr 7 (weather permitting)

June Mountain Orientation

When you arrive at June Mountain, lift tickets and lessons may be purchased at the ticket office located at the base of the ski area as early as 7:30 am.

Guests then ride Chair 1 to the June Meadows Chalet. At the Chalet, you'll find the rental shop, repair shop, sports shop and cafeteria.

Chair 2 begins running at 8:30 am for morning warm-ups. The remaining chairs open at 9:00 am.

JUNE MOUNTAIN HISTORY

June Mountain opened in 1961 by then-owner William C. "Bud" Hayward with only two lifts in operation and the Chalet. Later, four more lifts would be built to reach the Rainbow Ridge and June Mountain summits.

The ski area was purchased by Mammoth Mountain in 1986 and operations expanded with slope work and new lifts. June Mountain began allowing snowboarding in 1989 and hosted the original OP Pro (one of the first televised snowboarding competitions) in January of 1989.

— Mammoth Mountain Ski Area

Lodges and Services

JUNE MOUNTAIN TICKET OFFICE

Parking Lot

Lift tickets and lessons, restrooms and lounge area.

JUNE MEADOWS CHALET

Located at the Top of Chair 1

A full-service lodge with ski and snowboard rentals, repairs, retail, lockers, ski and snowboard school, cafeteria-style dining with indoor and outdoor seating. Open at 8:00 am daily, serving breakfast and lunch.

Restaurants and Bar

JUNE MEADOWS CHALET

Located at the top of Chair 1, the cozy Chalet offers cafeteria-style dining with indoor and outdoor seating. Open at 8:00 am daily, serving breakfast and lunch.

STEW POT SLIM'S

Located near the base of Chair 7, Stew Pot Slim's is open daily for lunch service and features a simple lunch menu with beer and wine available.

WORLD FAMOUS ANTLER BAR

At the World Famous Antler Bar in the June Meadows Chalet, you'll always have a great time while soaking up the legendary June Mountain vibe.

Lessons

Lessons available for all ages and abilities, group or private. Advance purchase is recommended. 888-586-3686, www.JuneMountain.com.

Mambo Playground

June Mountain offers a progression terrain park to add to the learning experience. Perfect for families!

Backcountry Ski Tours

Explore out of bounds with backcountry guides at June Mountain.

Included in the cost of the tour:

- Avalanche safety equipment, as needed
- Discounted lift tickets at June Mountain

WEDDINGS

Plan your wedding in breathtaking Mammoth Lakes. Say “I do” on top of a mountain peak, under a canopy of colorful aspen leaves, on the shore of a crystal blue lake or in a flower-covered meadow.

The town of Mammoth Lakes hosts complete wedding planning services, venues and amenities that can accommodate intimate to large events, formal or informal ceremonies and receptions in either winter, spring, summer or fall.

Find the perfect location, caterer, florist, officiant, photographer and wedding planner for your Mammoth Lakes wedding at www.VisitMammoth.com/Weddings.

Begin Your Adventure

Say "I do!" surrounded by a spectacular mountain landscape that will set your heart racing.

Schedule a Site Tour Today!

SPECIAL NOTES:

Property rental agencies offer fully equipped units at varying properties throughout town with full kitchens or kitchenettes, fireplaces and/or cable TVs and DVDs.

Typical options include: units with a view, internet and access to hot tubs, saunas, pools and/or fitness and game rooms.

100% of rentals are ski-in/ski-out, walk to lift, Village or golf course townhomes. Most have views and all have free WiFi.

Across from Mammoth Mountain's Canyon Lodge, enjoy peaceful mountain living and residential comfort within steps of outdoor adventure and alpine skiing.

Featuring properties within steps of The Village at Mammoth with indoor parking and mountain views.

A four-unit condo complex with an option of renting all four units to sleep up to 38 guests. Condos are also available for rent individually.

A lodging tradition since 1981. Centrally located rental properties next to popular activities.

Deluxe accommodations at a beautiful mountain condo in Mammoth Lakes.

Our high-quality vacation rentals range from one-bedroom condos to four-bedroom luxury homes near Mammoth Mountain Resort, shopping and fine dining.

Vacation rentals for all budgets and tastes, close to activities. 35+ years experience.

Our lodging accommodations vary in size with a price to fit every pocketbook and traveling schedule. All units have full kitchens, fireplaces, cable TV and free WiFi.

Celebrating 43 Years of Hosting Eastern Sierra Visitors

We love everything Mammoth... We're the locals who call this destination our home. Give us a call or stop by our website when you're planning a vacation to this area!

We promise: **You'll love** our Studio to 4-Bedroom Vacation Rentals. Choose from dozens of properties in all of your favorite locations. Our team strives to make your stay with our family-owned company convenient and comfortable while providing an unforgettable vacation experience to the mountains.

But don't take our word for it. Read over 400 reviews on TripAdvisor® from previous guests on our website. Our company has a **4-star overall rating**.

Yosemite National Park Mass Transit – PAID

YOSEMITE AREA REGIONAL TRANSPORTATION SYSTEM (YARTS)

877-989-2787

www.YARTS.com

- Season: June (weekends only), July and August (daily), September (weekends only)
- Reserve tickets and search additional routes online

Comfortable public transit service from Mammoth Lakes to Yosemite National Park is available through Yosemite Area Regional Transit System (YARTS). The cost is \$36 for adults and includes the park entrance fee. Discounted fares are available for seniors and youths.

YARTS also connects to the June Lake Loop, Lee Vining and the Amtrack train and Greyhound bus stations in Merced, California.

There are 5 stops in Mammoth Lakes:

1. Mammoth Mountain Inn
2. The Village at Mammoth
3. Juniper Springs Resort
4. Mammoth Lakes Park & Ride (corner of Old Mammoth and Tavern Road)
5. Shilo Inn

ALL SCHEDULES AND/OR FARES SUBJECT TO CHANGE AND/OR CANCELLATION.

SUMMER TRANSIT SCHEDULE

Reds Meadow, Devils Postpile and Rainbow Falls

National Monument Scenic Shuttle – PAID

Download the **free transit app** to your Apple or Android device to easily track transit times.

EASTERN SIERRA TRANSIT (ESTA)

760-924-3184

www.ESTransit.com

To: Devils Postpile National Monument, Rainbow Falls and Reds Meadow (see page 18)

The Scenic Shuttle is **mandatory during operating season*** to reduce traffic and environmental damage caused by vehicles using the one-lane road through these fragile areas.

Scenic Shuttle operating season: June 15 through September 4 (weather permitting).

Outside of the operating season, private vehicle travel is allowed.

***Exceptions:** Vehicles carrying non-ambulatory people and inflated fishing float tubes, people with valid camping permits, Red's Meadow Pack Station and Resort guests.

Note: Devils Postpile National Monument and Rainbow Falls are not wheelchair accessible.

Scenic Shuttle Bus Stops

The Village at Mammoth Transportation Hub

Stop is on Canyon Boulevard below the Gondola station. Parking lot located at 6200 Minaret Road.

Mammoth Adventure Center

Located at 10001 Minaret Road

INBOUND Scenic Shuttle Schedule

The Village at Mammoth Transportation Hub to Mammoth Adventure Center to Reds Meadow:

7:15 am, 8:00 am, 8:45 am - Catch a dedicated Reds Meadow Bus

9:00 am to 5:00 pm - Pedestrians may ride the Bike Park Shuttle for free (subject to available space) to the Mammoth Adventure Center to catch the Reds Meadow Shuttle Bus

Mammoth Adventure Center to Reds Meadow: Service runs from 7:30 am to 7:00 pm

7:30 am to 10:00 am Every 30-45 minutes

10:00 am to 4:00 pm Every 20 minutes

4:00 pm to 7:00 pm Every 45 minutes

Mammoth Adventure Center to The Village at Mammoth Transportation Hub:

Pedestrians may take the Bike Park Shuttle free of charge to The Village at Mammoth until 5:10 pm.

After 5:10 pm, a ride with the Reds Meadow Shuttle every 45 minutes is available. Last bus from Reds Meadow, leaving at 7:45 pm, goes to The Village at Mammoth Transportation Hub at 8:30 pm.

OUTBOUND Scenic Shuttle Schedule

Reds Meadow to Mammoth Adventure Center:

8:15 am to 10:45 am Every 30-45 minutes

10:45 am to 4:25 pm Every 20 minutes

4:25 pm to 7:45 pm Every 45 minutes

Devils Postpile National Monument

ALTITUDE SICKNESS

Altitude sickness may be experienced at this altitude. In most cases, symptoms are mild but can become severe if not properly addressed. People over 60 and under 16 are more susceptible to altitude sickness.

To avoid altitude sickness acclimatize yourself prior to strenuous activities. Eat regularly, drink eight to ten glasses of water daily, and avoid drinking alcoholic beverages for the first 24 hours and get plenty of rest.

Mild-to-moderate symptoms include difficulty sleeping, light-headedness, fatigue, headache, loss of appetite, nausea, rapid heart rate and/or shortness of breath with exertion.

Severe symptoms include withdrawal from social interaction, inability to walk in a straight line or at all, shortness of breath at rest, discoloration of complexion, chest tightness, confusion, cough/coughing blood and/or decreased consciousness.

Experiencing severe symptoms?
Call 911 for emergency medical care.

SUN EXPOSURE

At high altitudes, the sun intensity is 40-50 percent greater than at sea level. Use a minimum of 70 SPF on exposed skin and wear sunglasses or goggles to protect your eyes.

WEATHER

Mountain weather can be unpredictable, and it is not unusual to experience snow showers or thunderstorms in the late spring and early fall. Take heed when planning backcountry travel. When it snows, roads may close temporarily while they are being cleared.

KEEP WILDLIFE WILD

Wildlife is attracted to anything edible or smelly, including garbage, barbecues, compost piles, personal items (candles, makeup, etc.) and bird feeders.

We're in this together! Let's all do our part in keeping wildlife wild.

- Never feed any wildlife and do not leave pet food outside.
- Dispose of all garbage in bear-resistant dumpsters and **LOCK DUMPSTERS AT ALL TIMES.**
- Remove all food, food containers, garbage, coolers and grocery bags (full or empty) from your car and truck bed.
- Keep ground windows and doors closed when away or at night.
- Never leave food near a window.
- Keep barbecue grills and outdoor cooking areas clean and free of food remnants.
- Thoroughly clean your campsite before you go to bed or leave it unattended by storing any edible and "smelly" items (makeup, shampoo, deodorant, candles) in bear lockers provided and disposing of garbage in a dumpster (not your car).

Bears recognize items that represent food like grocery bags, coolers, packs and food containers. Empty or not, remove these items from cars when left unattended for any period of time. Even in the trunk of a car, wildlife can smell these items.

Coyotes may be seen roaming streets and parking lots. Do not feed them and keep your distance. Protect your pets by keeping them leashed.

Learn more about keeping wildlife wild at:
www.KeepMeWild.org

TRAVELING WITH DOGS

THE FIDO FACTOR

Bringing the family dog on a vacation to the mountains can make your getaway feel complete. Everyone who owns a dog loves him, and may even consider him “one of the kids;” however, other visitors may not have the same feelings – and wildlife definitely doesn’t share this point of view.

Here are six dog-etiquette tips to ensure that everyone enjoys this amazing mountain playground.

Manners count. Please don’t impede on other travelers’ experiences by bringing a noisy, aggressive or untrained dog. Only travel with well-behaved dogs and keep them close to you at all times.

Remember the leash! Leash rules can vary from one area to the next. As a rule of thumb, keep your dog leashed unless you’ve checked with the US Forest Service to see if the area where you are hiking is a leash-free zone.

Clean up. Keep trails and public spaces open to dogs by keeping them clear of dog feces. Always carry bags with you.

No pet food in the car. If camping, you will need to secure dog food in food lockers provided or in bear canisters. If staying in a condo, bring the dog food inside to avoid “break-ins” by bears.

Don’t chase that deer! Keep dogs close to you to avoid disturbing wildlife and do not let them chase wild animals.

Yield to horses. If encountering horses on the trail, you and your dog must yield. Leash dogs immediately and step to the downhill side of the trail.

KID-FRIENDLY VACATIONS

Year-round activities range from relaxing to pure adventure. Mammoth Lakes is truly an epic playground for kids and adults alike. Share the wonders of nature with your kids and watch them learn firsthand about local wildlife. Swim in a heated pool or picnic in the shade of a towering pine. Enjoy miles of paved and dirt bike paths or explore local skateboard parks, ball fields and playgrounds. Festivals and events throughout the year cater to families with kids of all ages.

Mammoth Lakes vacations are kid-friendly and family approved!

CANNABIS “LEGALIZATION” *in California*

FAQS FOR SAFETY AND USAGE

What does “legalization” mean?

The possession (up to one ounce of cannabis or eight grams of concentrated cannabis) and consumption of cannabis is legal for adults 21 or older within private residences or designated public spaces.

Where am I allowed to use cannabis?

Smoking or ingesting cannabis is only legal in private residences or designated public areas. The use of cannabis is prohibited on national public lands, so smoking or ingesting while hiking, biking, skiing, snowboarding or camping on these lands is illegal.

Is my hotel or rented house or condo considered a private residence?

California has a no-smoking policy, which applies to the use of cannabis, for rented accommodations. Unless otherwise noted, you will be charged a cleaning fee if you smoke in a rented unit.

Can I possess cannabis on Mammoth Mountain?

No. Mammoth Mountain Ski Area is located on the Inyo National Forest. It is illegal to possess cannabis on National Forest land.

Where can I purchase cannabis?

As of January 2018, cannabis may be purchased at retail outlets licensed by the California Board of Cannabis Control. Green Mammoth (see page 90) is a licensed retailer for clients 21 years and older with valid government identification.

Can I take cannabis with me out of California?

No. Even if you are traveling to a state where cannabis is legal, crossing state lines while carrying cannabis is prohibited.

PROTECTING MINORS FROM CANNABIS USAGE

Anyone under 21 years of age is considered a minor under California cannabis legalization laws.

Children can feel the effects of cannabis more strongly than adults, and thus are at a higher risk of ingesting a toxic level of cannabis, especially from edibles.

The Food and Drug Administration and the State of California require edibles to be packaged and labeled as “cannabis-infused” and include the cannabis product symbol on the packaging.

WORK + PLAY *in* Mammoth Lakes

NEVER CHOOSE BETWEEN FUN AND PRODUCTIVITY AGAIN!

With seemingly endless wilderness to explore and adventure sports galore, Mammoth Lakes is the perfect place to unplug. But if being offline for your whole vacation calls to mind visions of overflowing inboxes, don't stress. Mammoth Lakes' co-working space, The Fort, might be the perfect solution (page 160).

With two locations, high-speed Internet and an environment that sparks inspiration and productivity, The Fort makes it easy to fit work into your vacation. Whether you need to jump on a conference call or just check-in on email before hitting the slopes or heading out on a hike, you can create your perfect balance of work and play in here.

So next time the powder is just too good to pass up or the trails are calling your name, stay in Mammoth Lakes a few extra days instead of heading back to the office. Soak in the fun without sacrificing your work.

MMH MAKES WORK + PLAY EVEN EASIER

If you can't get enough of your time in Mammoth Lakes, make it a lifestyle.

Mammoth Yosemite Airport (MMH) opens up the possibility of spending as much time as you'd like here. Escape to the mountains as your work schedule allows. Then hop on the next flight home when you're needed back in the office (page 143).

NEW AIR SERVICE ROUTES

ADVENTURE IS JUST A FLIGHT AWAY

With the Mammoth Yosemite Airport just 10 minutes from town, getting to Mammoth Lakes is easy and affordable. Connect round-trip from cities across the U.S. and internationally.

The Mammoth Yosemite Airport is also an easy and convenient option if you want to fly to Yosemite National Park, which is only a 45-minute drive from the airport.*

*Access from Mammoth Lakes to Yosemite National Park is typically open June through October (weather dependent). Check road conditions prior to booking. All flights subject to change and/or cancellation without notice.
