Flora's Field kitchen is about handmade food using our farm fresh ingredients. Our goal is to create a healthy family meal with a sense of place. Our day begins at four in the morning when Jose the baker arrives to fire the wood oven. Working with sourdough cultures and pre ferments he makes loaves of Pain L'ancienne baguette, ciabatta, sourdough, focaccia, whole wheat and herb breads.*

*Chefs, cooks, stewards, the butcher and farm hands begin arriving after first light. Throughout the morning produce comes in to be washed and prepped while the line gets fired up to prepare the first meals- through dinner there is harvesting going hand in hand with cooking. All meats served at Flora's Field Kitchen come from our nearby 150-acre (60-ha) ranch where animals are humanely raised on diets that do not include hormones or antibiotics.*

**San Jose del Cabo Art Walk** is a popular weekly event held every Thursday evening from 5-9pm between the months of November and June. This event was established, promoted and organised by the Gallery District Association in the hopes of drawing art lovers and tourists away from the Main Square and into our colour-filled back streets located behind the church. With its popularity growing over the years, the local government decided to close the main street of Obregon to car traffic in order to accommodate all of the visitors to our District every Thursday evening. Enjoy an evening stroll through the Gallery District, visiting the Art Galleries, sipping wine and dining in our neighbourhood restaurants. Often galleries will have special events such as "artist in attendance" or openings of new exhibitions. With the ever-growing popularity of the Art Walk, downtown San José as a whole is bustling on Thursday evenings but the heart, soul and sophistication of this weekly event lies within the borders of the Gallery District inside the galleries, located behind the church and Main Square.

### IMPORTANT INFORMATION

#### Currency

The Australian dollar (AUD) is currently on exchange for approximately \$15 Mexican pesos (MXN). US dollars and Mexican pesos are accepted in most locations. You can exchange money at the airport, local banks and some hotels. If you withdraw money from ATMs in Los Cabos, the fees may be quiet high and some ATMs will only dispense money in pesos.

Credit cards are welcome at most major restaurants and hotels. Additionally, it is common practice at nearly all Los Cabos hotels to hold a security deposit for the room upon check in. These range anywhere from \$100-\$300 per night, depending on the property. A credit card is **HIGHLY** recommended, so that when the funds are released at checkout, you receive the credit back on your card immediately. Using a debit card will result in the funds being held anywhere from 3-15 days, depending on your bank.

Tipping needs to be done in cash and can be either in MXN or USD – We would recommend bringing USD for tipping and pay with your credit card as much as possible.

#### Weather

It's summer in Los Cabos all year round with 350 days a year of clear skies.

Late January to early February is the "coolest" season with average high 25°C, and average Low 19°C.

August is the hottest month with daytime average high 35°C and average low 27°C. Rain is most common in August and September.

#### Dress code

For all activities during the day casual, comfortable clothing is the best option. Smart casual for dinner at the resort. No thongs, board shorts, or singlets for dinner. Please do not forget your swimsuit, a hat and sunscreen!
